

# DECLARATION OF CONFORMITY

## FOOD CONTACT

### MANUFACTURER

---

Foamalite Ltd.  
 Loch Gowna Co. Cavan  
 Ireland

### IDENTITY OF ARTICLE

---

**LUMEX® G:** extruded clear flat sheets made from PET-G Co-polyester  
 (PETG = Polyethylene terephthalate glycol)

### TRADENAME

---

**LUMEX® G**

### CONFORMANCE WITH REGULATIONS

---

We hereby confirm that the raw materials used to produce LUMEX® G clear plastic sheets comply with the following –

**European Regulation (EC) No. 1935/2004** on Materials and Articles intended to come into contact with food.\*

**Commission Regulation (EC) No 2023/2006** Good Manufacturing Practice (GMP).

**Commission Regulation (EU) No. 10/2011** on Plastic Materials and Articles intended to come into contact with food and amendments up to and including COMMISSION REGULATION (EU) 2023/1627 of 10 August 2023.

The monomers and additives used to produce this product are listed in the Union List of Authorized Substances of Regulation 10/2011/EU and subsequent amendments.

Specific Migration Limits (SMLs) for certain substances of this material are imposed by the European Union and have been proven to meet the requirements under the specified conditions of use via testing.

*Table 1 – Specific Migration Limit for certain substances*

FCM	CAS No.	Substance Name	SML(T) [mg/kg]
227	107-21-1	Ethylene glycol	30
785	100-21-0	Terephthalic acid	7.5
210	105-08-8	Cyclohex-1,4-ylenedimethanol	-

No dual use additives with restrictions were used in the manufacture of the above-listed products.

## DECLARATION OF CONFORMITY

### FOOD CONTACT

The Commission Regulation (EU) No 10/2011 includes a limit of 10 mg/dm<sup>2</sup> on the overall migration from finished plastic articles into food. Overall migration testing was performed, and the products listed meet the required limit under specified conditions of use.

Compliance testing was completed based on the conditions set out in Regulation (EU) No 10/2011 and the conventional EU food contact ratio of 1kg of food in contact with 6 dm<sup>2</sup> of surface area.

\*OML and SML compliance of the final application is the responsibility of the manufacturer of the finished plastic food contact material or article. In addition, we remind you that the manufacturers of the finished food contact material or article must verify that the finished material or article, manufactured according to good manufacturing practices, does not modify the organoleptic properties of the food. The user should verify applicable requirements and compliance for their own application.

### FDA Regulations

The raw materials used to produce LUMEX® G clear plastic sheets have effective food contact notification (FCN) numbers 2066, 179, and 1234.

### SPECIAL NOTICE

We deliver plastic sheets, which are subject to further processing steps:

Machining, thermal forming, assembling, gluing and as well surface treatments as printing, polishing, etc, could influence and contaminate the product. The manufacturer or user must verify whether the product is suitable for its final application, e.g., whether the final product might affect the taste or smell of food or whether the limitations (e.g., global migration, specific limits, and other analytic requirements) are observed.

*The information in this certificate is based on our knowledge and experience to date. It does not release the user from the obligation of carrying out own tests and trials, in view of the many factors that may affect processing and application; neither do they imply any legally binding assurance of certain properties or of suitability for a specific purpose. It is the responsibility of those to whom we supply our products to ensure that any proprietary rights and existing laws and legislation are observed.*

*As conditions and methods of use are beyond our control, we do not assume any responsibility and expressly disclaim any liability for any use of this material. Customers take the responsibility to determine that the use of our product is safe and lawful in their intended applications. The assessment of overall migration limit and other release restrictions is the responsibility of the producer of the finished article.*

*The information given is based on that provided to us by our raw material suppliers. Further details can be provided if required through our Customer Service Team.*
