Business Unit Sheets

KömaSteel Whiteboard: high-gloss and variable

The KömaSteel Whiteboard is an extremely bend-resistant steel composite sheet, consisting of a polyethylene core sandwiched between two enamelled steel cover sheets.

Due to its high-gloss white surfaces and its ferromagnetic properties, the KömaSteel Whiteboard is ideal for applications in the advertising sector and in industry.

Advertising sector

- Whiteboards
- Shop fitting
- Exhibition and showroom stands
- Interior cladding
- Signs
- Displays

Industry

- Building sector (Cladding)
- Industrial production
